## Kentucky Chamber honors Rep. Denham with Chamber MVP award

The Kentucky Chamber awarded Rep. Mike Denham with the Chamber MVP Award on Thursday, September 5th. Rep. Denham was among a select group of legislators recognized for conspicuous actions to support Kentucky's business community during the 2013 Kentucky General Assembly with a commemorative Louisville Slugger bat.

"This legislative session was perhaps one of the most successful I've seen in years, and that was due in no small part to this group of legislators. From pension reform to education initiatives to industrial hemp legislation, they fought in unconventional ways for a positive business climate, and this is our way of saying 'thank you' to legislators who 'go to bat' for Kentucky businesses," said Chamber President & CEO Dave Adkisson.

In addition to monitoring the progress of bills that directly relate to the strength of the Commonwealth's business community, the Chamber tracks how each legislator votes on these bills. The Chamber's MVP award recipients displayed

more than just a business-friendly voting record, but also went out of their way, and at times across party lines, to support or oppose an issue critical to the business climate in Kentucky. ## Fall Fire Hazard Season is now upon us

Bracken County residents are reminded that Fire Hazard Season is upon us.

According to KRS 149.400, Kentucky Forest Fire Hazard Season is Oct. 1 through Dec. 15 and Feb. 15 through April 30.

During the forest fire hazard seasons, even though the precautions required by KRS 149.375 have been taken, it is unlawful for any person to: set fire to, or to procure another to set fire to, any flammable material capable of spreading fire, located in or within one hundred fifty feet (150') of any woodland or brushland, except between the hours of 6 p.m. and 6 a.m., prevailing local time, or when the ground is covered with snow.

Remember, all fires should be attended until extinguished.

## Friday's service to mark 151<sup>st</sup> Battle of Augusta anniversary

On September 27, 1862, Basil Duke led 450 Confederate soldiers into Bracken County for the final time. Before he left the county the next day, 21 Confederate soldiers lay dead in Augusta along with 18 injured. In the course of the battle, 10 members of the Bracken County militia led by Joshua T. Bradford would be dead and 5 wounded. In addition, much of the core of the town of Augusta would be destroyed by fire or cannon fire. The next day Duke was confronted by Union forces as he was pardoning soldiers in the courthouse in Brooksville, with the loss of another Union soldier.

A commemoration service on the 151st anniversary

of the battle will be held at Appelman Park in Augusta at 6:30 p.m. on Friday, September 27. A brief history of the battle will be provided, as well as several reports read from individuals who participated in the battle in Augusta and Brooksville. There will

also be a discussion on the role of the gun boats in the conduct of the battle.

In case of rain, the service will be moved to the Clooney Center at the corner of Second and Bracken Streets.

## "Turning of the Leaves" Festival Scarecrow Decorating and Costume Contests

The City of Augusta and local merchants are busy preparing for the annual "Turning of the Leaves" Festival to be held on Saturday, October 12th. During this year's event, there will be a Scarecrow Decorating Contest and a Scarecrow Costume Contest. The rules are as follows:

The winners will be announced immediately after the contest. Prize money is donated by local businesses.

## Plans underway for 2013 "Light Up Brooksville" Parade, on Sat., December 7<sup>th</sup>

The "Light Up Brooksville" parade will be on Saturday, December 7. In keeping with the historical military significance and spirit of December 7th, this year's theme is "A Red, White and Blue Christmas". The plan is to blend the spirit of Christmas with the patriotism we all share. All Veterans will be the "Grand Marshals." Each Veteran that wishes to participate in the parade by riding on the special Veterans' Float and on the "deuce and a half" should register by calling the City of Brooksville office at 606-735-2501. (This information is needed to know how many to prepare for.)

The committee hopes many will begin to work on their parade entries now the theme has been decided.

## Kentucky's ColorFall 2013 helps public track leaf changes

Fall has arrived, and with it the 2013 edition of the ColorFall program promoting travel to peak foliage viewing areas and exciting autumn events around Kentucky. ColorFall is designed to aid public enjoyment and media coverage of autumn in the Bluegrass State.

Coordinated by the Kentucky Department of Travel and Tourism and the Kentucky Department of Parks, ColorFall is now in its 28th year. ColorFall features a website ([www.kentuckytourism.com/seasons](http://www.kentuckytourism.com/seasons)) that provides a variety of information about the state's beauty at this time of year, including reports on stages of leaf changes from naturalists at parks throughout the Commonwealth.

Besides tips on timing trips to parks, forests and arboretums for peak color, ColorFall website visitors will also find listings of special fall events and a link to a Facebook page where you

can upload digital photos of your own fall travels. The program, including the website, runs Sept. 23 through Oct. 31.

Dean Henson, the park manager at Big Bone Lick State Historic Site and a former naturalist, notes that many variables contribute to the degree of foliage color in any given fall season.

"The greater the frequency of crisp, sunny days with no evening frost, the more brilliant our colors," notes Henson, a popular contributor to ColorFall with his blog posts on foliage stages. "For those seasons when the fickle mix of environmental factors is just right, waiting eyes are rewarded with a beaming display of color."

Among many unique events of the season are the Governor's Autumn Bicycle Ride across Kentucky Oct. 3-6 ([www.gabraky.com](http://www.gabraky.com)) and the Bourbon Chase team running race Oct. 18-19 ([www.bourbonchase.com](http://www.bourbonchase.com)).

### GRAND JURY

### INDICTMENTS

The Bracken County

### From Brooksville Centennial Celebration 1839-1939 Religious Institutions

#### Conclusion

#### Two Lick Baptist Church

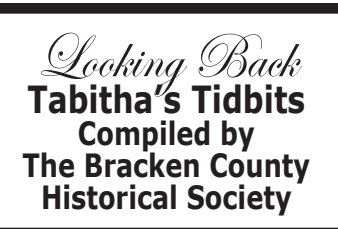

- On the 10<sup>th</sup> of July, 1841, a council composed of delegates from the Washington church, Mason County, Ky., and Willow Creek church, Bracken County, Ky., met at the home of Mrs. Lucy Woodward on Two Lick Creek and reorganized the Sardis church.

Thirty-seven (37) persons went into the re-organization.

Hiram Woodward was chosen clerk and John B. Woodward and Wm. Hinson deacons.

Rev. Robt. Elrod of Bracken county was chosen pastor.

S. M. Woodward was Church Clerk for 55 years, and kept the records of church work while he was clerk. He also had the records kept by his father who was also the clerk

for many years. His daughter, Mrs. Mattie F. Woodward is the present clerk.

A log house was erected on J. B. Woodward's land.

In July 1842 the name of the church was changed from Sardis to Two Lick.

During the year 1851 twenty-two (22) members were dismissed for the purpose of constituting a church at Mr. Olivet, Ky. In the year 1858 several members were granted letters of dismission (sic) and organized a church at Germantown, Ky.

A new church building was erected on the farm of Joseph Hinson and this building was dedicated the 4<sup>th</sup> Sunday in October 1870. In the year 1903 the present building was erected.

The church now has a membership of 241, with S. L. Branham, pastor.

## Thoughts and Meditations from the Scriptures

### SENSITIVE EGOS

My brothers and I were recently engaged in a conversation about our childhood in which we all felt compelled to apologize for our youthful teasing and taunting of each other. What was interesting to me was that we all felt that in one way or another the teasing and striving with each other had made us more prepared to deal with life. One brother even expressed the worry that "we are so over-sensitized to emotionally abusive people these days that we are cultivating a whole generation of young people who are unable to handle any kind of threats to their fragile egos. When they are bullied they react in ways that are hugely disproportionate to the situation, i.e. suicides, mass shootings, etc." Perhaps the teasing banter and rough and tumble play of childhood is preparation for life in a world that isn't always sensitive to the fragile vagaries of our ego. It would be nice, albeit boring, if we lived in a world where everyone was always kind and deferential but until that ideal world arrives, perhaps we should let kids engage in the rough and tumble world of childhood in a way that will prepare them for the real world. Resolving conflict is an important skill that is best learned early in life. — *Christopher Simon*

## FRIENDSHIP CHURCH

by Pam Brooks

Our camping trip was a great success. Everyone enjoyed the fellowship, food, crafts, and games. The weather was chilly so we put more wood on the fire. Looking forward to next year.

Oct. 2 at 7 p.m. Bro. Kevin will be starting a 10 wk. video program at Wed. night Bible Study entitled "They Sold Their Souls to Rock and Roll". Everyone is invited to come and find out how music and the media affects us all.

Oct. 6 is our First Sunday Fun, Food & Fellowship Day. This will be our 2nd annual Old Fashioned Day. Come to church dressed like it was in yesteryear. Following service we will have chili, vegetable soup, grilled cheese & many other dishes. There will be a hayride, pumpkin carving, bonfire with smores, candy for the kids & even the big kids, and many other activities. We will have a short women's meeting around 2 p.m. to discuss upcoming events.

Our next conference will be at the Ambassador FWB Church, Batavia, OH. Oct 12. See Bro. Kevin if you need a ride.

The 3rd Friday of the month which is Oct. 18 at 7:30 p.m. we will be having a bonfire & camping at the activities building. Everyone is welcome to come enjoy fun and games.

Our Free Thanksgiving Dinner will be Nov. 2. More details later.

The Christmas Parade in Brooksville is Dec. 7. Anyone interested in helping with the float is welcome to come help. More info. later.

Sunday School is 10 a.m., Morning Worship 11 a.m., Wednesday Night Bible Study 7 p.m. We have available a nursery and Children's Church during worship hour.

## OAKLAND CHRISTIAN

by Barbara Browning

Fall is here with its cooler temps. It is a beautiful time of the year – you see God's handiwork displayed. The message of the hour reminded us that we need to work harder at "finishing" well. Remember, too, that pride goes before a fall. Pride takes away blessings.

Our Youth Sunday and Fall Kick-off is coming October 27th.

"Walk Through Bethlehem" is December 1, 7, & 8, each evening 5:30-8:30 p.m.

Wool Fest is Oct. 4-6. Be sure to attend. (Oakland will have our beans and cornbread, etc.)

Prayer concerns include Jim Fields, David Monroe, Linda and Bobby Johnson, LuAnn Holmes (throat issue), Ronnie King, Asa Crozier, John Corlis, Bella O'Hara, Judy Monson, Izora Miley, Eudell Hall, Marge Logan, Samantha McNabb, Elly Mae Sofranko, Penny Hubbard, shut-ins, armed forces, leaders, and our country.

## FIRST BAPTIST CHURCH OF AUGUSTA

by Rita Bradford

Hello & God's Blessings from The First Baptist Church of Augusta. Brother Tony's sermon was titled "Contractually Obligation". Christians have a contract with God written in Jesus' blood. Are you honoring your part of the contract?

We invite you to come join us as we seek to serve God. Our services begin with our Wed. Night Prayer Meeting @ 7:00 p.m. Our Sunday Services begin with Sunday School @ 9:30 a.m. This week's lesson is titled "The Proud Brought Low". This lesson will show you how to focus on God instead of earthly things and the benefits of doing so. Our Sunday Morning Worship begins @ 10:30 a.m. & evening services begin @ 6 p.m. We hope to see you there.

## BROOKSVILLE ASSEMBLY OF GOD

by Janice Whitney

10:00 a.m. - Christian Education:

Youth: Discovering God's Purpose for life by observing how God shaped and used others to do great things.

Adult: Studying the birth and growth of the early church by the work of the Holy Spirit, and asking can the Holy Spirit do the same today?

11:00 a.m. - Worship Service. Jesus spoke to all areas of life and gave perfect counsel for every situation we might face. Pastor Norm Whitney's message, "Are you any better, Really?"

## GREETINGS FROM ST. JAMES

by Caroline Jefferson

Msgr. Dominic left for his native home of Ghana, Africa, on Sunday afternoon for a three-weeks' stay to visit with family and friends and to catch up on some personal work. Upon returning to Bracken County, Msgr. will begin organization of a Men's Society. Please pray that Msgr. will have a most enjoyable trip and that he will have a safe trip back to us. Fr. Hogan and Fr. Johnson will be filling in on Sundays and in case of emergency, we need to contact Fr. Mike Comer at St. Patrick's Church in Maysville.

Prayers are requested for Deacon Ernie Hillenmeyer and his wife Mary who cared for St. James Parish for a couple of years before Ms. Debbie came. Deacon Ernie has been admitted to the nursing home in Maysville and Mary is recovering from a broken wrist sustained in a recent fall. May God bless them and all our sick and homebound.

On Friday, October 4, St. James' First Friday Fish Fry will begin at 5 p.m. until 7 p.m. in the Parish Hall. All are invited to join us for some really good fish, shrimp and all the trimmings, including a drink and dessert for \$7.00!

## AUGUSTA BAPTIST CHILDREN'S CHURCH

by Roberta Wood

Through our nine week lessons on "The Fruit of the Spirit", I have learned that most of our children like apples the best, sort of strange, I thought it would be bananas.

Well our last week was about "self-control." Do you know the children didn't know that it meant that they shouldn't act up when they don't get their way. Like at a store and they want something and are told no, so they throw a little tantrum. I told them there could be many reasons why they were told no. Like it may have cost too much, their parents didn't have the money, or maybe it was something that wasn't safe. There could be a lot of reasons why your parents say no, give them a chance to let you know before you start your screaming.

We had a couple of pages to work on about our fruit "self-control" this week, we then played a couple of games, putting the fruit in the right order and the children's favorite "Fruit of the Spirit" bingo. Next week we are closing out our lessons on "The Fruit of the Spirit" and then we will begin in the beginning.

Well until next week God Bless and come for a visit. We are getting bigger every week "Praise the Lord."

## PRESBYTERIAN POTPOURRI

by Les Grooms, pastor Augusta Presbyterian

Larry England is back in Christ Hospital. He is to undergo a colonoscopy Monday morning. Jill White is to enter the hospital Monday to give birth to her first son, Liam.

Judy England had her gall bladder removed this past Friday morning.

Mary Murray was worship leader, Barbara Nickoson was the song loader, Kay Grooms did the power point, and Miranda Claypool had children's church.

The music continues without Margie Hill. She has arrived in Colorado with her organ and her cat. We miss Margie.

Vidie Grace played the organ, Genna Lou played the piano, and Paul Mefford accompanied with his bass guitar.

Our soup kitchen will begin in the near future. It will take place each Monday night from 4-6 p.m. The menu will be soup, sandwich, a dessert and a drink. There will be no charge for the meal. It will not be a gourmet meal but will be nourishing.

We continued with our Sunday School study of being a contagious Christian. Earl Bush is leading the discussion. The youth continue their Sunday School under the leadership of Lynn Darnell and Gretchen England.

## BERLIN BAPTIST

by Karen Cooper

We invite all to come and worship with our family of believers. Sunday services begin with Sunday School at 10:00 a.m., morning worship at 11:00 a.m. and Sunday night services are held at 7:00 p.m., message by Brother Dan Black.

This past Sunday was a wonderful time in the Lord at Berlin Baptist. Brother Dan's message was taken from Daniel 6: 1-28 and titled "The Positive Influence of Living a Godly Life."

We are supporting Sunrise Children Services through the Miles of Pennies program and also by collecting needed supplies. Information about Sunrise Children services can be found at www.sunrise.org.

## NEW LIFE FELLOWSHIP

by Beverly Whittaker

It was a beautiful crisp day this past Sun., Sept. 22 to worship in the Lord's house. Angela Tucker brought the special entitled "His Strength Is Perfect". We can hold on to God during the storms of life. Pastor Doug's message asked the question, "Is it really worth serving God?" You have to get your motives right and serve Him with gratitude, purpose, love, helping others, and for all eternity.

Congratulations to Arnold Hale and Pam Heisel who were married Saturday.

The youth will be having a hayride outing on Fri., Oct. 4 at 6 p.m. at the church.

The youth will also be having a bake sale this Saturday, Sept. 28 at Walmart Super Center in Maysville. All proceeds will go to the church.

We invite you to come and worship with us at New Life! Our Wednesday evening meal begins at 6 p.m. and worship and prayer service at 7 p.m. Our Sunday School classes for all ages begin at 9:30 a.m. and praise and worship begins at 10:30 a.m. Remember God loves you and so do we!

## Eye to Eye

with David Blandford, M.D.

## Actually Seeing Stars

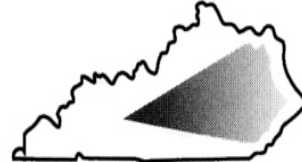

When we talk about cataracts, it is usually within the context of older individuals with age-related changes in their eyes' lenses that make them increasingly opaque and thereby leading to blurred vision. However, it should also be noted that injury can lead to cataracts at any time. A recent example of such trauma-induced cataract involved an Austrian man who went to his physician with a complaint of progressively worsening vision. The man was found to have a star-shaped cataract in the eye in which he had been punched nine months earlier. When his eyeball was struck, the impact reverberated to cause opacity in the pattern of a star in his eye lens. The cataract was removed in the usual manner.

## FARMERETTES

The Farmerettes met at Connie Bowling's home on Mon., Sept. 9 at 3 p.m. Seven members and one guest were present. Pres. Connie conducted the business meeting. Carolyn Taylor had our inspirational "Reflections of Fall". Secretary's report, in the absence of Carol Klaber, was given by Patty Ann Moorhead and treasurer's report by Madeline Burgoon.

Connie reported from the Council Meeting that Community Day was again a big success with over 500 people attending and several people complimenting the dinner and tours. A report from the Germantown Floral Hall display noted two Farmerettes, Madeline and Sue Baker, had displayed 6 items and won 5 blue ribbons. There will be no Winter Craft this November.

The club discussed the Backpack Project and will bring items at Nov. meeting. Virginia Bowles will see that our club picture gets to the Extension Office for the news article.

Connie is chairman of a countywide homemakers membership campaign which will be conducted at the Extension Office on Oct. 17 from 3-7 p.m. We invite anyone who has an interest in our community, family life, farming, homemaking, and many other life skills to come & learn about our homemaker clubs. More info. will be in the news. There is also a mailbox club.

Dues were collected and club enrollment forms were completed. Leaders for lessons and hostesses for the coming year volunteered. Dues were collected. Guest, Tina Wolfe, joined our club and we heartily welcome Tina.

Licking River Area Homemakers meet Oct. 3 in Morehead at the First Church of God. Registration begins at 10:30 a.m. Skills Day is Oct. 30 at Fleming Co. Extension Office from 10-12 & 1-3 p.m.

Connie served delicious refreshments and Patty Ann gave the lesson "Significant Leadership Characteristics" which was very interesting.

Oct. meeting will be held at Carolyn Taylor's home on Oct. 14 at 3 p.m. and the lesson will be given by Carolyn. Other members present were Audrey McKinney. We missed Carol and Martha.

*Is this Mother Natures cure for knee arthritis?*

# “How Roosters Helped Scientists Develop Breakthrough Knee Arthritis Treatment That’s Sweeping The Nation”

And how you can find out if this FDA cleared, cutting-edge arthritis treatment (covered by most insurance - even Medicare) can end your knee pain – without toxic drugs or grueling surgery...”

Lexington, KY – Scientific discoveries come fast and furious. And medical breakthroughs are not only making us live longer – but better - by taking away so many of our aches and pains.

But the really interesting thing is – how some of the most powerful medical breakthroughs have come directly from Mother Nature. For example, everyone knows that antibiotics transformed medicine and has saved countless lives. But here’s something you may not know: Back in 1928 Alexander Fleming was clearing off his cluttered desk and noticed mould was growing on a slide and killing bacteria. That mould was penicillin – Mother Nature’s bacteria killing and disease curing wonder.

### Mother Nature’s Arthritis Cure?

Now scientists have teamed up with Mother Nature once again and discovered a natural, powerful, cutting-edge treatment for arthritis.

This treatment is called Hyalgan and arthritis sufferers can’t seem to get it fast enough. While Doctors offering it can’t keep up with the demand.

“The response has been incredible. Once the word got out, arthritis sufferers started flooding our phone lines and swarming the office. Once they found out there is an FDA cleared, Doctor administered arthritis treatment that actually works – without the side effects of toxic pain pills or gruelling surgery - and has enough scientific research that it is covered by most insurance and even Medicare – just about everyone suffering with painful arthritis wants to give it a try.” Those are the words of the Director of Arthritis Treatment at Osteo Relief Institute, which is easily accessible and located here in Lexington, KY.

He is referring to the recent introduction of the breakthrough arthritis treatment, featuring Hyalgan, to his office in Lexington.

### The Amazing Hyalgan Story

Osteoarthritis is a joint disease that mostly

affects the cartilage. Cartilage is the tissue that covers the ends of bones in a joint. When healthy, cartilage allows bones to glide smoothly over one another and acts as a shock absorber.

Your “normal” knee also contains a small amount of fluid called synovial fluid.

This synovial fluid is a thick, gel-like solution that cushions and lubricates the joint – much like oil lubricates the engine of your car.

In osteoarthritis, the cartilage breaks down and wears away and the synovial fluid loses its lubricating properties and “dries up.” This is like running your car with very old oil or none at all. Now as you attempt to use your knee(s), there is not enough lubrication, which causes bones to grind together resulting in pain, swelling, stiffness and the joint continues to wear out. This is a vicious cycle and can lead to bone-on-bone rubbing and excruciating pain.

Pain pills do NOT lubricate the joint or fix the problem. They simply attempt to make you numb so you do not feel the pain as your joints continue to deteriorate.

### Roosters Help Scientist Cure Arthritis?

Here’s where the story gets really good. Since the “drying up” of synovial fluid causes joint surfaces to rub together and painful arthritis– it makes sense that if we could just put more good synovial fluid into the joint – it would solve the problem.

It would be like putting fresh oil on a squeaky door hinge. As soon as the hinge is lubricated properly – the rubbing and squeaking stops.

As soon as your knee joint has fresh synovial fluid – the rubbing and arthritis pain is gone.

But there was a big problem: Doctors don’t know how to make synovial fluid. And everything they tried to make in the lab wasn’t nearly good enough. It’s pretty clear that...

### You can’t fool Mother Nature and she is tough to compete with!

That’s where the roosters come in. You see, scientists discovered that the substance in rooster combs (that big red thing on top of their heads) is made of hyaluronic acid.

And here’s why that is so important: **hyaluronic acid is one of the two natural lubricating agents in synovial fluid!**

Scientists are now able to extract the hyaluronic acid from rooster combs, purify it and create the breakthrough arthritis treatment Hyalgan.

Hyalgan is precisely injected directly into your knee joint in a series of 3-5 treatments over a 5 week period. This instantly lubricates the joint, reduces friction and allows greater motion with less pain or

no pain at all.

Hyalgan treatment not only lubricates the joint, but it acts as a shock absorber.

### Here’s something very important to consider:

Even though Hyalgan is a natural substance and is NOT considered a drug, it is NOT something you can get at your local health food store. It is scientifically

researched, developed by pharmaceutical companies, FDA cleared and ONLY administered by a qualified Doctor.

### What Results Can You Expect?

According to Hyalgan manufacturer, Fidia Pharmaceuticals and

their FDA clearance research, “A course of Hyalgan treatment – will relieve pain in a majority of patients for 6 months without the safety concerns of non-steroidal anti-inflammatory drug (NSAID) therapy. In many patients, the effect of Hyalgan is likely to last even longer than 6 months.”

And the best part is: Since Hyalgan is a natural substance; it can be used over and over without risk. If it works for you, you can possibly look forward to years without pain.

### Who Should Consider Hyalgan Therapy, Where Can You Get It And When Should You Start?

You should certainly consider Hyalgan therapy if you have been diagnosed with knee arthritis or told you need a knee replacement. If you have not been diagnosed with arthritis but have either knee pain, stiffness (especially after use or in the morning), swelling or loss of range of motion, – you should have an examination by a specialist to determine what the cause of your problem is. If you have any of those symptoms, there is a very good chance you have or are starting to get arthritis.

You may have heard about and even tried glucosamine and chondroitin. The problem with glucosamine and chondroitin is that they do not work for everyone. Hyalgan has had major success with many knee arthritis sufferers who were failed by glucosamine and chondroitin. If these supplements have not worked for you – you may be a prime candidate for Hyalgan.

### And It Is Very Important That You Do Not Wait – Here Is Why...

Studies indicate that if the arthritis is caught soon enough, the cushioning effect of the treatments combined with a specialized rehabilitation program may actually help the knee heal and cartilage may re-grow which can you help avoid joint replacement surgery. In other words, the sooner you start – the better.

Does the procedure hurt? A local anaesthetic is given and the procedure is virtually painless. Most patients say it is like getting a flu shot.

### Why Treatments by at Osteo Relief Institute are so EXTREMELY PRECISE

The doctors are well trained and uses state-of-the-art fluoroscopy (a low-dose motion x-ray) to see inside the joint to make sure treatments have the best possibility for maximum success. This is very important because studies show that Doctors doing joint injections without fluoroscopy can miss the joint space 30% of the time!

Osteo Relief Insitute is a state-of-the-art medical facility offering only the best technology.

### Here’s How To Check Out This Breakthrough Treatment And See If It Is Right For You- For FREE

The doctors are extremely excited about the response and results they are getting with this wonderful treatment and would like to share it with as many

arthritis sufferers as possible.

### But There Is A Problem...

Even though Hyalgan helps a majority of patients the office has treated, it is not a wonder cure and does not help everyone.

For that reason, a complete examination is performed on every potential patient and the doctor only accepts you if he feels you are most likely to get the pain relief and outcome you are looking for.

That’s why the doctors would like to invite you to come in for a risk free screening to see if you are a candidate for Hyalgan treatments.

All you have to do is call 606-547-9440 right now and when teh scheduling specialist answers the phone tell her you would like your free “Knee Pain Screening.” She will know exactly what you are talking about and schedule you for the first available time that fits your schedule.

Your screening should take about 25 to 30 minutes. During this time you can get all your questioned answered in a warm and friendly environment. You will know exactly what your treatment options are and if Hyalgan therapy is right for you.

But if you would like to do this, you must call right now. The demand for this procedure has been

### Read This If You Have Already Had Treatment With Hyalgan, Orthovisc, Supartz Or Synvisc Without Good Results

If you have already had treatment with one of the products listed above (even Hyalgan) and did not get the results you were looking for, we still may be able to help you. And here is why...

All the treatment products listed above are in the same family. But they are not the same. They use Hyalgan because it is the lowest molecular weight and in their clinical experience it has given them the best results.

They don’t not use Synvisc because although it is extracted from rooster combs (like Hyalgan) is chemically cross-linked with formaldehyde and vinylsulfone.

And here’s why you may have not gotten good results even if you were treated with Hyalgan:

The doctor is trained in the use of state-of-the-art fluoroscopy (a low-dose motion x-ray) to see inside the joint to make sure treatments have the best possibility for maximum success.

This is very important because studies show that Doctors doing joint injections without fluoroscopy can miss the joint space 30% of the time!

If your doctors did not use this state-of-the-art fluoroscopy... there is a chance the Hyalgan did not end up where it was supposed to.

overwhelming. And since the doctors cannot possibly see everyone and always makes sure they gives every single patient the personal attention they deserve, they has had to limit the number of free screenings to 20.

Just imagine how it would feel have all of your knee pain finally gone.

Imagine going to bed and being able to sleep through the entire night – and waking up refreshed and energized... ready to take on the brand new day – without the arthritis pain that has been terrorizing you.

And imagine finally knowing you have a solution to your painful knee arthritis. Well, you may not have to just “imagine” any more... because... Hyalgan treatments might be the answer you’ve been looking for.

If you’d like to see if Hyalgan can help you for free, simply give the office a call at 606-547-9440 right now. Why wait one more day in pain when you may not have to? Call now before someone else gets your free spot.

### One More Thing - It’s Important...

Ever since offering this wonderful treatment, the office has been flooded with calls. For that reason, if when you call, the lines are busy or you get voice mail... just keep calling back. The possibility of living pain-free is well worth the time and effort it may take to get through today and schedule your risk free screening.

And don’t forget: Hyalgan treatments are covered by most insurance and Medicare. To schedule your risk free screening or if you have any questions call 606-547-9440 now.

### Here’s How To Get A Free Knee Arthritis Relief Screening

Be one the first 20 to call 606-547-9440. When the phone specialist answers tell her you want your free “Knee Pain Screening.”

Discover if Hyalgan can ease or eliminate your knee arthritis pain like it has already done for so many others.

CITY OF AUGUSTA  
ORDINANCE NO. 2013-T-1

**AN ORDINANCE PROVIDING FOR THE ASSESSMENT, LEVY & COLLECTION OF CITY AD VALOREM PROPERTY TAXES AND FIXING INTEREST AND PENALTIES FOR DELINQUENT TAXES FOR THE CITY OF AUGUSTA, KENTUCKY FOR THE YEAR ENDING JUNE 30TH, 2014.**

BE IT ORDAINED BY THE CITY OF AUGUSTA, KENTUCKY as follows:

1. That the assessment of real and personal property for property situated within the City of Augusta, Kentucky, made and returned by the Bracken County Property Valuation Administrator and equalized and returned by the County Board of Supervisors and the tax book listing said assessments certified by the Kentucky Department of Revenue pursuant to K.R.S. 136.180, as the assessment of all taxable property in the City of Augusta subject to taxation at the rates(s) fixed herein, is hereby adopted.

2. That for the use and benefit of the General Fund of the City of Augusta, Kentucky for its fiscal year ending June 30th, 2014, there are hereby levied ad valorem property taxes of .306 on each \$100.00 valuation of real property taxable by the City of Augusta and .589 on each \$100.00 valuation of tangible personal property by the City.

3. That for the operation and maintenance of recreational facilities within the City of Augusta, pursuant to Ordinance 91-T-2, there is hereby levied an ad valorem tax of .0449 of each \$100.00 valuation of real property taxable by the City of Augusta, and .074 on each \$100.00 of tangible personal property taxable by the City of Augusta, except bank deposits (Franchise Tax) which are not taxed for this purpose.

4. That for the operation and maintenance of library facilities within the City of Augusta, Kentucky, pursuant to Ordinance 80-18 there is hereby levied an ad valorem tax of .0449 of each \$100.00 valuation of real property taxable by the City of Augusta, and .074 on each \$100.00 of tangible personal property taxable by the City of Augusta, except bank deposits (Franchise Tax) which are not taxed for this purpose.

5. That for the purposes of this Ordinance property shall be defined as all real and personal property within the corporate limits of the City of Augusta, Kentucky on January 1st, 2013 except for property exempt by statute or subject only to taxation by the Commonwealth of Kentucky and includes all personal property of persons domiciled or actually residing within the City on January 1st, 2013.

6. "Real Property" includes all lands within the City of Augusta and improvements thereon. "Personal Property" includes every species and character of property, tangible and intangible, other than real property.

7. That all monies received from all sources, except as otherwise provided herein, including, but not limited to returns, fines, proprietary funds, franchise fees, interest and forfeiture or penalties shall be paid into the General Fund for general expenses, debt retirement and capital improvements incidental to the operation of municipal governments.

8. All city ad valorem property taxes are due and payable on November 1st, 2013, in accordance with K.R.S. 92.590 and are delinquent on December 31st, 2013, unless the delinquent date is extended by Municipal Order of the City Council. A discount of 2% will be allowed if paid in full by October 31st, 2013. A penalty of 5% will be assessed if paid after December 31st, 2013, and a penalty of 21% will be assessed if paid after January 31st, 2014. In addition to the above penalties, unpaid and delinquent ad valorem taxes shall bear interest at the rate of 12% per annum beginning January 1st, 2014 until paid.

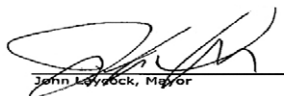

9. That should any such taxes become delinquent, the City of Augusta shall be entitled to recover its reasonable attorney's fees incurred in attempting to cure said delinquency (which shall include but not be limited to attorney's fees incurred relating to the filing of municipal tax liens and the release of same upon payment of all of the sums owed; and attorney's fees incurred in the preparation and filing of pleadings in a tax collection action brought by the City or other unit of government, or of pleadings filed in a foreclosure action brought by another entity or individual concerning the subject real property), and such attorney's fees shall also be paid over to the City Clerk in addition to the delinquent taxes before said delinquency shall be considered cured.

10. That all foregoing taxes, penalties and interest and attorney's fees shall be collected by the City Clerk/Treasurer and accounted for according to law.

11. The invalidation of any part of this ordinance shall not affect the validity of any other part hereof.

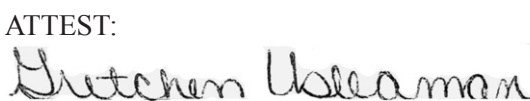

12. This ordinance shall be in full force and effect upon its adoption, recordation and publication as required by law.

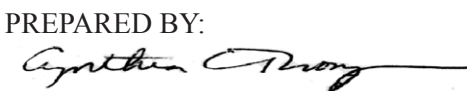

Adopted by the City Council of the City of Augusta, this the 18th day of September, 2013.

# Lions KidSight Screening for Amblyopia

The Washington Lions Club is in full swing with Lazy Eye testing at six of our local schools. Every two years the Washington Lions Club does KidSight Screening for school kids up to the age of six. Again this year we are screening students at Straub Elementary, Highlands Christian, St. Patrick, Taylor Elementary in Brooksville, St. Augustine School in Augusta and Augusta Elementary. The tests are done with no cost to the school or the families involved. Students from Mary Beth Riggins Health Science class at the Mason County Area Technology Center assisted with the eye screening. Those students are Tori Blevins, Hunter Kelsch and Megan Bedinghaus. The school administrators did an outstanding job scheduling student and coordinating testing activities. Special thanks to Kelly Grayson, Fonda Childers, Sherry Merrill, Sue Ellen Faris, Mindy Hamilton, Mary Zeigler and Principals Christy Jones and Robert Kelsch.

Lions Clubs across the state sponsor eye screening for their local schools. All screening results are forwarded to the Louisville Eye Foundation. The Foundation has the responsibility of checking all testing results and providing feedback to the families involved. About 3% of the student tested for Amblyopia

pia are referred for further evaluations.

A PediaVision camera/computer is used for the Eye Screening test. The camera is relatively easy to use and when held correctly automatically takes a snapshot of the students' eyes. The screening results are saved on a flash drive along with student information. The student snapshots immediately provides an indication of a pass or refer condition related to Amblyopia.

The Eye Screening tests are mainly to detect a condition called Amblyopia, commonly known as lazy eye. Amblyopia causes more visual loss in the under 40 age group than all the injuries and diseases combined in this age group. Lazy Eye is an eye condition in which there is blurry or reduced vision that is not correctable by glasses,

is the eye condition noted by reduced vision not correctable by glasses or contact lenses and is not due to any eye disease. The brain, for some reason, does not fully acknowledge the images seen by the amblyopic eye. This almost always affects only one eye but may manifest with reduction of vision in both eyes. It is estimated that three percent of children under six have some form of amblyopia.

Since amblyopia usually occurs in one eye only and a lazy eye condition can exist without a noticeable eye turn. Many parents and children are not aware of any symptoms. In other words, unfortunately, symptoms of lazy eye are often NOT obvious to the outside observer (parent, teacher, school nurse or pediatrician, etc.)

KidSight screening is highly recommended for infants and pre-school children. Otherwise, many children go undiagnosed until they have their eyes examined at the eye doctor's office at a much later age.

CITY OF AUGUSTA  
ORDINANCE NO. 2013-T-2

**AN ORDINANCE LEVYING AN AD VALOREM PROPERTY TAX ON ALL MOTOR VEHICLES AND WATERCRAFT BY THE CITY OF AUGUSTA, KENTUCKY FOR THE YEAR 2014**

BE IT ORDAINED BY THE CITY OF AUGUSTA, KENTUCKY as follows:

1. That the Ad Valorem property tax rate for the year on motor vehicles and watercraft is hereby fixed at .185 on each and every \$100.00 worth of motor vehicles and watercraft, as assessed by the Property Valuation Administrator as of January 1st, 2014 subject to taxes for city purposes.

2. All taxes levied herein shall be for the general expenses of the City of Augusta, Kentucky and the above taxes shall not be used for any other purpose than that for which they are levied.

3. That should any such taxes become delinquent, the City of Augusta shall be entitled to recover its reasonable attorney's fees incurred in attempting to cure said delinquency and such attorneys fees shall be paid before said delinquency shall be considered cured.

4. The City Clerk shall certify the 2014 motor vehicle property tax rate to the Revenue Cabinet, Department of Property Valuation, Frankfort, Kentucky.

5. This ordinance shall take effect January 1st, 2014, after its passage, approval and publication as required by law.

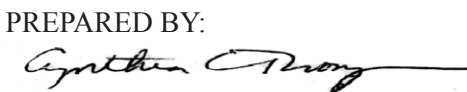

Adopted by the City Council of the City of Augusta, this the 18TH day of September, 2013.

## Milford School Reunion

The Milford School Reunion was held Sept. 21, 2013 at the Bracken County High Schoolcafeteria. ShirleyHoward welcomed everyone and led the Pledge of Alligence to the American Flag. The blessing was given by Elmo Flynn and everyone enjoyed the delicious meal prepared by Debbie Moford Godman and her crew. A memorial candle was lit and a moment of silence was observed in memory of the deceased schoolmates.

Everyone enjoyed the two speakers, Gene Dale Moore and Jack Moreland. They told about their good times and had everyone laughing about some of the things they did growing up in the town of Milford several years ago. Also, beautiful songs were sung by a quartet consisting of Wendell Cox, Elmo Flynn, Robert Wayne Fields and Kenny Courtney. Wendell also had everyone laughing with his jokes and stories. Teacher, Edith McKenney, and school bus drivers, Ruby LaMonda and Carroll Turner were recognized. The basketball players, Louie King, Gene Dale Moore, Jack Moreland, Wendell Cox, Jimmy Howard, Carroll Turner, Robert Wayne Fields, Robert King and Manager, Shirley Howard were also recognized.

Wendell Cox, along with the cheerleaders, Barbara Culp Whaley, Alma Moreland Fleeman, Vernetta Howard Hamilton, Hazel Showalter Ramsey, Ella Walton Case, Mabel Howard Newman, Lois Askin Fields, Linda Askin Wagel, Janice King Bertram, Lela Newman Smallwood and Judy Marsh Tellis, led the group singing the school song.

Door prizes prepared by Mae Howard and Vernetta Hamilton were given out by picking numbers. Shir-

# Bracken Co. Farm Bureau and FFA partner together for “National Farm Safety and Health Week”

The Bracken County Farm Bureau partnered with officers of the Bracken County FFA Chapter in observing “National Farm Safety and Health Week” which was September 15 - 20th. Safety coloring books and stickers were distributed by their officers to the Kindergarten classes in the county. Those participating teachers were: Taylor Elementary - Joy Hay, Kathy Pickrell, Kendra Scott, and Larisa Sumner; Augusta Independent - Jane Walton; and St. Augustine - Amy Speakman.

This year’s theme was “Working Together for Safety In Agriculture”. With an estimated 1.8 people working full time jobs in agriculture, the importance of safety precautions cannot be overlooked, stated Mark Haney, Kentucky Farm Bureau President.

and Health Week” was not only a special occasion to underscore the importance of safety precautions, but also a time to recognize the farmers for their hard work, diligence, and sacrifices.

Much appreciation to these FFA Officers and their

Advisor, Jim Fields, for their help and dedication to this important safety program.

Those students participating were: Owen Bell - President, Steven Cummins - Secretary, Sarah Appelman - Reporter, and Megan Wright.

## Farm Safety for Kids

Provided by: Neider Reynolds, Coordinator  
Bracken County Emergency Management

Farms are fun places — with all that fresh air, sunshine, and room to run around. But they’re also places where real work gets done. And some of that work involves equipment that can be dangerous if someone doesn’t know how to be safe.

Kids who live on farms really need to know what it takes to be safe. They probably help out on the farm and need to know the safety rules that can prevent injuries. According to the National Safety Council, farming is one of America’s most hazardous jobs. Kids ages 10 to 14 are at high risk for injury, often because they take on a job or task that they aren’t ready to handle.

If you do work on a farm, listen to parents or other supervisors. Be careful where you play and don’t go out to work on the farm on your own. If you’re helping out, don’t try to use equipment or tackle big projects if you haven’t been properly trained. If there’s a job you really want to do, such as driving a tractor, you’ll probably have to wait until you get a little older.

## Safety Around Equipment

Take a look around any farm. How many different pieces of equipment do you see? And how many are bigger than you are? These machines may look pretty cool, but the bottom line is that kids should not operate farm machinery.

Pickup trucks, tractors, threshers, lawn mowers, and all-terrain vehicles (ATVs) are powerful machines. But these machines and all other types of farm equipment are not safe for kids to ride on (even with an adult present), play on, or even be around, no matter whether they are in use or not. It’s really easy to get thrown from a tractor, thresher, or riding mower.

Here are some more tips to remember around equipment:

- Never ride in the back of a pickup truck or on the fender of a tractor.
- Never get on a tractor as an extra rider.
- Stay out of the path of moving equipment.
- Don’t use electric power tools without adult supervision and always use protective equipment like gloves and goggles.

## Forestry Webinars

The UK Forestry Department will offer the Fall Webinar Series with a variety of topics to be covered. Our woodlands are a very valuable asset often overlooked on our farms. Plan now to attend some of these classes to learn about ways to enhance your woodlands and to maximize your timber sales. The following dates and classes will be offered at the Bracken County Extension Office from 7 – 8 p.m.

**Tree Identification; October 1;** Doug McLaren, Extension Forester <https://connect.uky.edu/treeidentification/> - There are more than 100 native trees in Kentucky and being able to tell one from another is not only enjoyable but an important skill when caring for your trees and woodland. This webinar will teach participants how to use tree characteristics in the process of grouping and eventually identifying individual trees. Knowing the trees in your yard or woodlands can make your time outdoors more enjoyable and rewarding. The process of identifying trees by use of a tree identification key is designed for all age groups.

**Woodland Management and Forest Certification; October 8;** Billy Thomas, Extension Forester, and Christopher Reeves, Certification Forester <https://connect.uky.edu/woodland-managementandforestcertification/> - Kentucky’s woodlands can be a valuable asset for their owners if they are given the proper care. Learn about the process of caring for your woodlands including activities, sources of assistance (including financial), and practices that will enhance your woodlands. You will also learn how forest certification is benefiting woodland owners in Kentucky; these benefits include increased markets and price premiums being received by woodland owners for their timber, increased technical assistance, and global recognition of your good stewardship. Certification is one of the many tools you will learn about in this webinar that can assist you in caring, protecting, and managing your woodlands for the future.

• **Waterfalls of Kentucky; October 22nd** - Tom Barnes, Wildlife Extension Professor.

• **Waterfowl Identification; November 5th** - Tom Barnes, Wildlife Extension Professor.

• **Selling Timber; November 12th** - Jeff Stringer, Forestry Extension Professor.

**Bluegrass -Maysville Stockyards LLC**

## Hunter Education

### Course to be held

Saturday, October 5

It’s that time of year again, time for the Hunter Education Course to be held in Bracken County at the county Extension Office on October 5, at 8 a.m. until completion. With many hunting seasons already under way and many more to come in the next months it is the perfect time to get your hunters education card.

Everyone the age of twelve and over, born on or after January 1, 1975 is required a hunters education card to participate in hunting activities. Also those who plan on hunting in some other states are required no matter the age. Twelve years old is when youth are required to get the card and they may take the course as young as ten. Every state recognizes each others hunter education cards as Kentucky recognizes all other states.

This 10 hour training course includes study in hunter ethics, wildlife conservation and identification, field care of game, trapping, first aid, firearm safety, archery and muzzleloading. The last session of the course will include a written test and a live fire exercise. You may also choose to take the class room portion of the course online or by going to the county library and check out an interactive CD-ROM. The online or CD-ROM versions include a quiz between each section that must be passed to complete and continue to the written test and live sections.

If either is done you are required to bring a copy of the course completion and a notarized copy of the affidavit to the Extension Office by 1 p.m. on October 6 to complete the written test and the live fire portions. The course is a classroom style setting

## EXCLUSIVE HUNTING LEASE

An exclusive hunting lease for approximately 200 acres of the Bracken County Industrial Park will be available in the near future through Base Camp Leasing. The land will lease to the first party to submit the required deposit when the lease becomes available. Please visit [www.basecampleasing.com](http://www.basecampleasing.com) to learn more.

## Marijuana discovered, removed from Milford area farm

On Friday, August 23rd, the Bracken County Sheriff’s Department received a tip of Marijuana growing in a field in Milford. Upon investigation, it was determined that an unknown individual or individuals were growing the plants against the knowledge of the property owners. The plants were cut and burned as a means of disposal. Deputy John Riley is shown above with a plant almost equal to his height of 6’1”. Deputy Riley was assisted at the scene by Fish and Wildlife Officer James Beckett.

with video and hand outs of course material. Breaks are taken when needed and there will be a break for lunch so bring something or plan on eating in Brooksville for

lunch.

If you have any questions contact Jeff Wolfe at 606-402-0089 or James Beckett at 606-782-3162.

## Sports in Kentucky by Bob Watkins

**HD: Gators come a callin' is opportunity anew for UK; Kentuckians Hackett & Boes to be honored**

Autumn in Kentucky. Behold, opportunity.

The football gods have put in place 'a chance' for Blue Nation's new era football. Opportunity come tramping out of The Swamp with an offense nobody's calling Fun-and-Gun, a new quarterback, and two weeks for Kentucky to have rested and repaired.

Last time the Wildcats beat the Gators in Lexington, a stamp was 22 cents, unemployment was 7 per cent, and Mark Stoops still had hair on his head. He was 19 years old and playing in the secondary at Iowa. November 15, 1986. (10-3).

This time, after squandering opportunity in Game 1 at Nashville, bumbling any chance against Louisville at home, Kentucky looks into the pleasant autumn afternoon at another transitional Saturday.

Keys?  
✓ A full house. Kentucky throng of fans could be the difference.

✓ Turnovers and penalties. We know.

✓ Make a play. Passes caught and a running game.

Simple, direct, behold! Opportunity.

### LOUISVILLE

What's worth reviewing about Louisville's 72-0 beat-down on Florida International last week? Nothing. Coaches who allow their team to turn a 38-0 halftime rout into 34 add on points, deserve two things.

• Criticism for ruthlessness. Demoralizing an inferior opponent to achieve higher rank in the polls. Reprehensible.

• Leaves us to wonder, Charlie Strong has demonstrated his style at elevating a college program, but begs the question: Does he know when to apply the, "it's only a game" breaks? Because, as long as his and other college players are not paid, it is only a game.

### 30-FOR-30

ESPN casts hard light on professional athletes and their money again next month. Producer Billy Corben offers up 'Broke,' the 30-For-30 segment airing Wednesday evening, Oct. 2.

Last weekend I watched a 30-for-30 episode that featured likes of Andre Rison, Herman Edwards and other former NFL stars, along with Chuck Shilling and Lenny Dykstra from baseball fame NBA Dan Issel, Allan Iverson, Antoine Walker and Jamal Mashburn.

Astonishing how suddenly rich athletes do and don't prepare for their futures. Testimonials too from player agents whose clients come to them at some point to say, "I'm broke. What do I do now?"

Then Corben introduces a CEO who tells us when an ex-professional athlete comes asking for a job, his questions are: What can you do? What are your skills, talents? What's your education?"

Broke focuses on ex-Kentucky star Antoine Walker's response to being asked about declaring bankruptcy and what he did with more than \$110 million? Shrug.

Mashburn's success story is elevating. Eleven years in the NBA and today the UK All-American "owns car dealerships and restaurants across Kentucky," the documentary tells us.

Broke also levied this statistic: NBA careers that end after five years, 60 per cent of players are broke.

Thus, the glaring truth – the quick-to-rich sugar-coated culture is being fed by the likes of John Calipari.

✓ Next, a new book The King of Sports, Football's Impact on America written by Gregg Easterbrook after he spent a year with coach Frank Beamer at Virginia Tech.

An excerpt that brought to mind a personal experience.

"At many big-college sports programs," Easterbrook

wrote, "the athletic department is structured as an independent organization that leases campus space and school logos, then operates a tax-exempt business over which the school's president and board of trustees have little control."

A UK official told me once, "You have to understand, this side of Euclid (Avenue) is an independent business from the University. Hires its own people, has its own budgets, does its own thing. Period."

Time period: spring, 1972.

### 'GLORY TO HIM WHO WAITS' DEPT.

• Wilbur Hackett will be recognized at the SEC championship football game Dec. 7. A UK linebacker and letterman 1968-70, Hackett will be named a Southeastern Conference Legend, class of 2013.

Hackett was role model-worthy and symbol of football at Kentucky. He lived disappointment, frustration and tribulation and prevailed anyway. This is character.

He rose to team co-captain with Bill Duke in 1969, was SEC honorable mention. Hackett lettered 1968-70 during which the Wildcats won seven and lost 24. He went on to officiate college baseball and football games for 15 years and worked three SEC title football games.

Hackett is a member of UK's Athletics Hall of Fame and Kentucky Athletic Hall of Fame.

Oh, and Hackett was the SEC's first black man to be a team captain.

• Orville F. Boes. For his illustrious service to Berea College, a special recognition is in store for (let me call him) Doctor Boes at the annual October meeting of four-year-lettermen in Berea College athletics. A Louisville Male High graduate, U.S. Army veteran and Georgetown College graduate, Dr. Boes became an instructor at Berea in the 1950s and taught there for 35-plus years. Remarkable.

### DIS 'N DATA

✓ After three losses, the honeymoon for University of South Florida coach Willie Taggart is over. Man who job-jumped from WKU last year, has moved Tampa Times columnist Gary Shelton to write: "It goes back to what (Willie) Taggart said after the loss to McNeese. His team isn't mentally strong enough to respond when bad things happen. The truth is that it wasn't strong enough last year, either, but isn't that why Taggart was brought in? Wasn't he supposed to make a difference? Wasn't he supposed to, and these are his words, do something?"

✓ Northwestern pushed its season to 4-0 last week. Coach Pat Fitzgerald's Wildcats climbed to No. 16 in the national rankings and have a bye week before hosting Ohio State. Go Wildcats!

### SAY WHAT? DEPT.

'Say What Dept.?' Seemed a clever (or clumsy) basketball analogy (take your choice) attorney Guthrie True's assessment of Richie Farmer's plea deal two weeks ago. It protects Farmer against the "big play," Guthrie said. "He decided to draw on past experience and guard the guy taking the ball out of bounds."

A reference to March 28, 1992 when Farmer witnessed Rick Pitino's directive on final play of the NCAA regional against Duke – don't guard the throw-in man.

### PARTING SHOT

Some college football players wore wrist bands in games last week to try and pressure the NCAA to legislate compensation for players. The little protest brought to mind the following from a college student wearing no wrist band.

"They keep talking about paying all these players already on athletic scholarships, wonder if they could help me pay off my student loans?"

And so it goes.
